

THE WILDCAT

1958

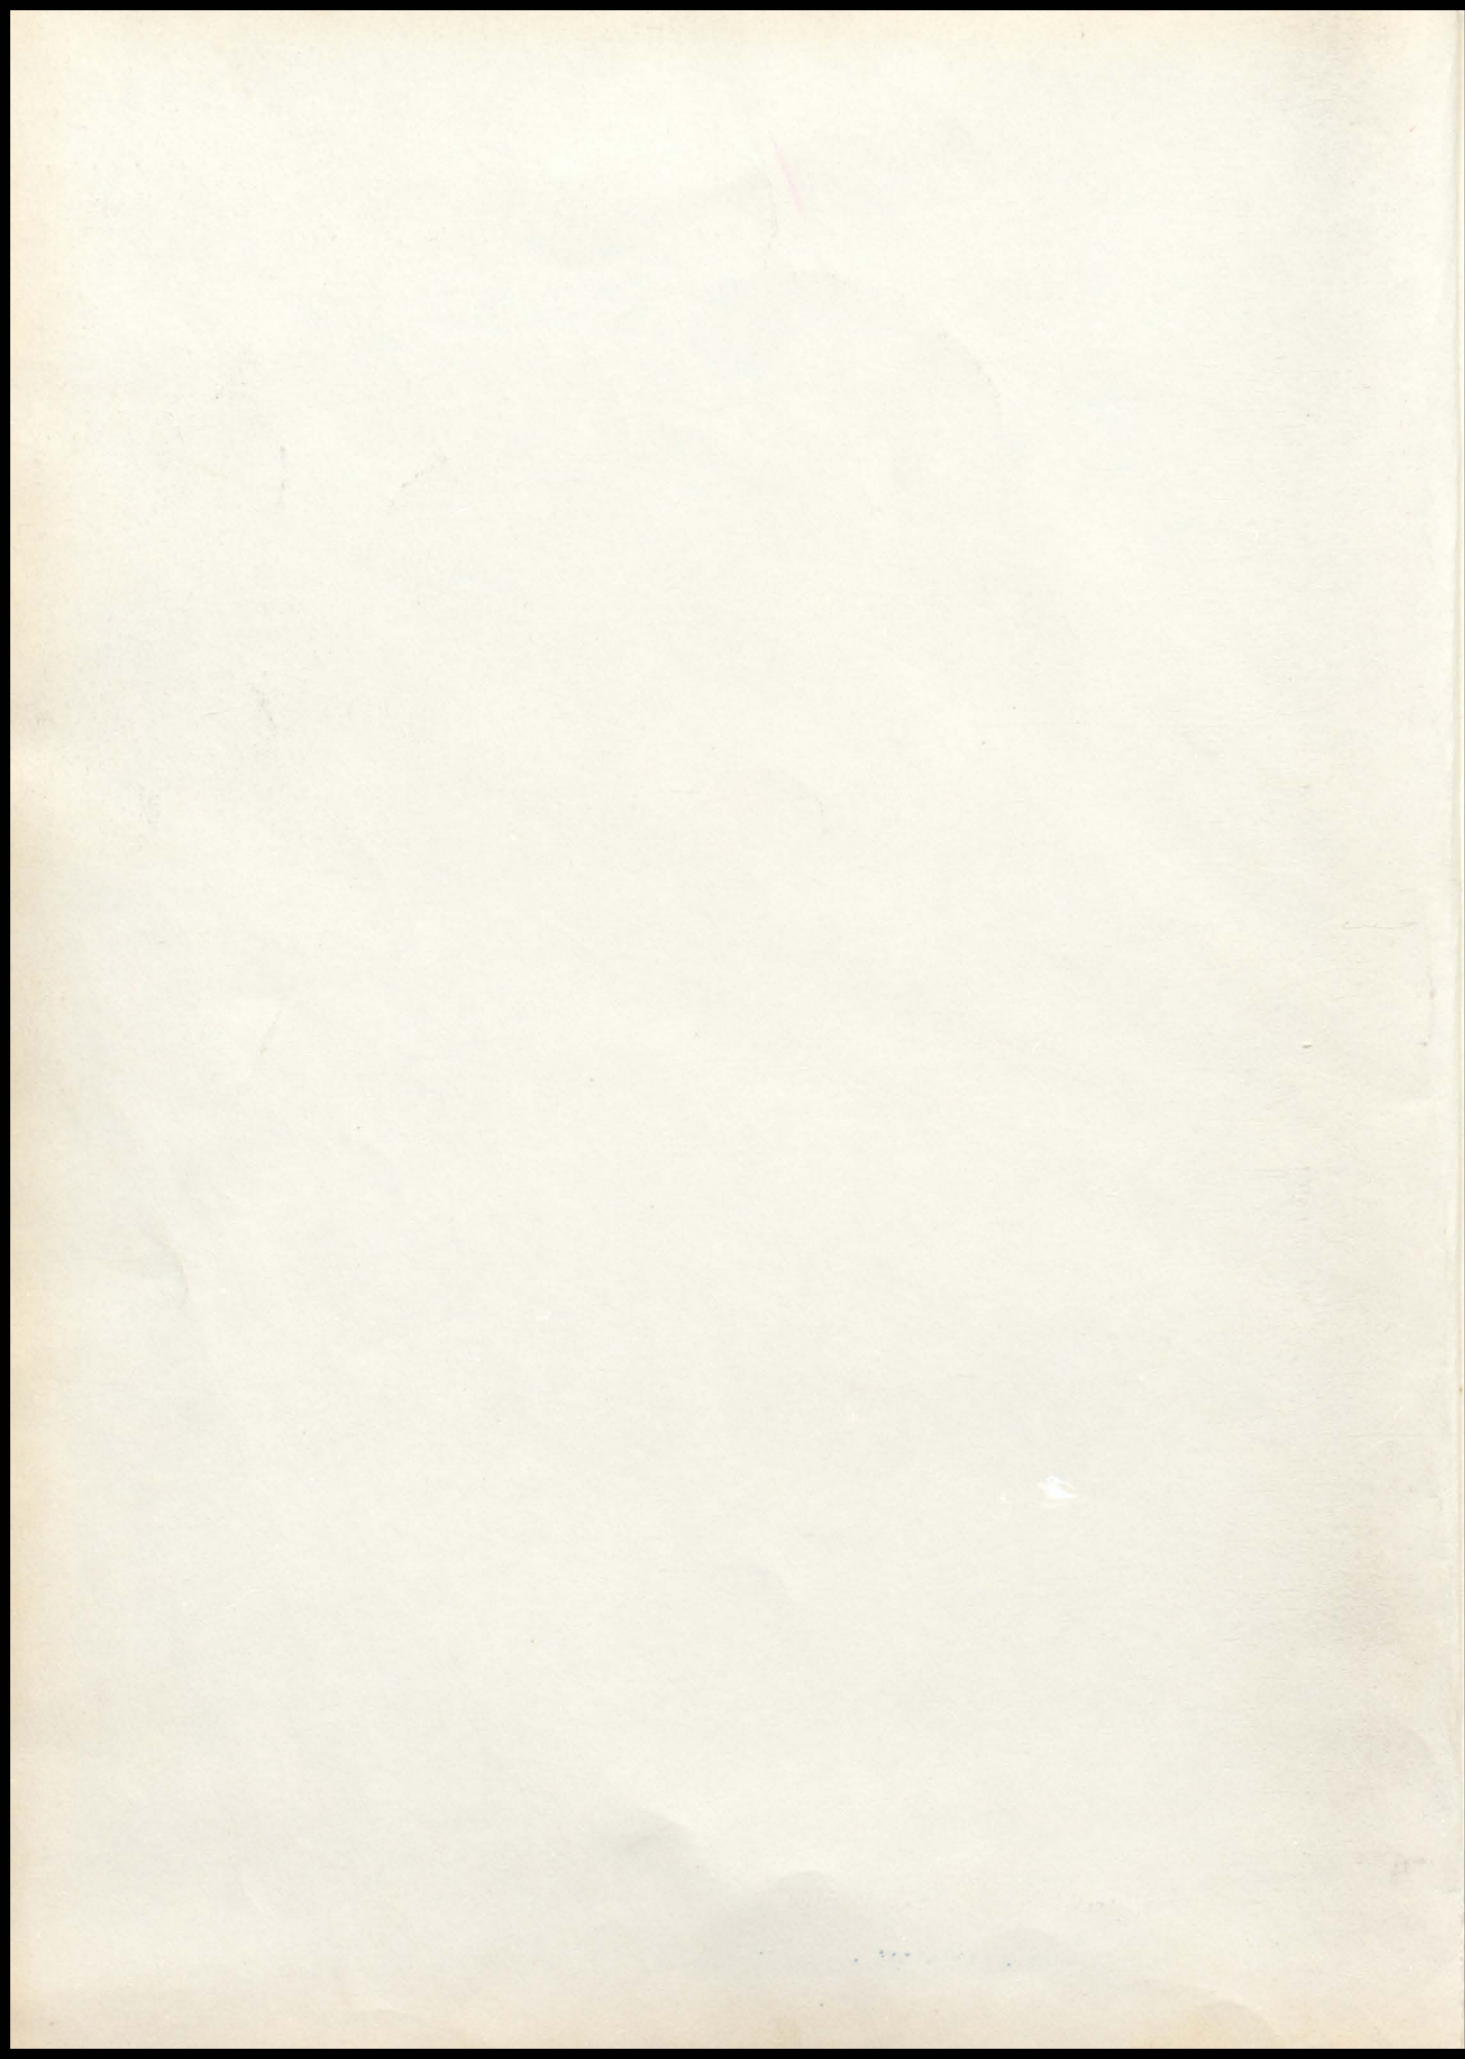

The first part of the paper discusses the importance of understanding the cultural context of the research. It highlights the need for researchers to be sensitive to the values and beliefs of the communities they are studying. This is particularly important in the field of education, where cultural differences can significantly impact learning outcomes.

The second part of the paper focuses on the methodology used in the study. It describes the process of selecting participants, collecting data, and analyzing the results. The authors emphasize the importance of using a mixed-methods approach, which allows for a more comprehensive understanding of the research topic.

The third part of the paper presents the findings of the study. It discusses the results of the quantitative data analysis and the insights gained from the qualitative interviews. The authors conclude that there are significant cultural differences in the way that students learn and that these differences should be taken into account when designing educational programs.

Finally, the paper offers some practical recommendations for educators and policymakers. It suggests that teachers should be trained to recognize and respect cultural differences in the classroom. Additionally, it recommends that educational policies should be developed with a focus on cultural sensitivity and inclusivity.

Spurlock for all the work, worrying,
and wondering he did on our behalf this
year.

Class Prophecy

August 10, 1968

Dear Marvel,

I thought that since you are the secretary of the Class of '58 you would like to have this to read at your class night.

I had long been curious about the activities and whereabouts of the members of the first class I had taught. I wondered how the years had affected us all. Finally, my curiosity overcame all else. I took time from my busy schedule as head football coach of Notre Dame and loaded the kids, the 5 dogs, and Jan into the car, and we headed for Iowa.

It was a hot summer day when we arrived, and I didn't have the slightest idea where to start looking or inquiring. I was walking down the street when I saw a beat-up 1957 Pontiac come roaring down the street in a cloud of dust. Suddenly it came screeching to a halt and a little old gray-haired lady leaned out the window and yelled my name. I walked over to the car and recognized the lady as Mrs. Henley. When I told her my problem, she asked me to hop in; she had just the solution. She brought me to the school house and took me to her office. It seems she had thought so much of that class of 1958 that she had continued their files and kept a complete record of their whereabouts. They had helped her by sending her letters from time to time telling her of their exploits and adventures. She left me alone in the empty old school house, and I set forth to satisfy my curiosity. I tell you now what the files revealed to me that day.

MARY JO ADKINS is living in Washington D.C. She married an Admiral, and Mary Jo is known throughout the United States for her fabulous dinner parties. She patterns them after the slumber parties the Senior girls had the year they graduated.

There is a resort named Judith's Holiday in Michigan, owned by JUDY ANDREWS. It attracts the internationally famous playboys. All the Hollywood stars vacation there. But Judy only runs this on the side. She is really the Commercial teacher at CHS. Judy and her husband, whom she met in college, have four very charming and handsome boys who set the little girls wild.

Included in one of the files was a showbill for the Ice Follies. The star skater is BARBARA BAKER. She has also done some acting on Broadway. Barb was willing to work hard and had gone straight to the top. But she still isn't married. She said she didn't have time for such nonsense and, anyway, who needs men?

Every year LARRY BETZER enters the Soap Box Derby, and every year he places second. Some people say he wouldn't have done that well if it hadn't been for all the tips he picked up peeling around the streets of Carlisle. Larry also drives a semi between soap box derbys. He holds the record among truckers for the run he made between New York and Chicago. Some say he cheated though, and used jet fuel.

CHUCK BUNCE has made the Navy his profession. You know, a girl in every port! Chuck has a very unique position and isn't kept very busy, which suits him just fine. He has the distinction of being the only beauty operator the Navy ever had. They're thinking of transferring him to the WAVES where business will pick up a little.

When BETTY CARR ROTHFUS left Dear Old CHS it looked like her future was pretty well planned for her. But she did have a few surprises up her sleeve. When she and LeRoy moved to their farm, Betty had a flower garden as a hobby. It became so interesting she opened a small green house, and now she and her family (3 girls, 2 boys and LeRoy) furnish all the weddings, funerals, and Jr. - Sr. Banquets in Central Iowa with the most exquisite flowers.

SANDRA COPE'S letter had an Alaskan postmark. It seems that when she went to Alaska to work that summer after she graduated, she didn't get back to the states all because of a 4' 11" Eskimo. She married him. Together they are teaching the Eskimos how to play basketball, and they run his diamond mine.

FAYE FORD has entered the business world and has proven quite successful. Some of her many ventures are: a chain of novelty shops, a beach in Los Angeles, and she has switched from pitcher to center field when she plays baseball. Faye is still single but still hoping.

Remember SONDR A FRANTZ, the one with the cute giggle? Well, have I got a surprise for you. Sondra attended flight training school right after graduation and became interested in the government's work in outer space. So she signed up for a life time. She is the only woman to hold a rocket license and is now stationed on one of the U.S. satellites which are circling the earth. For security reasons we can't say which one.

VERNIE GOOCH is now manager of a new department store in Des Moines. It is so exclusive you have to have a pedigree to get in the door. Vernie was very lucky. He married a New York socialite whose father just happened to own the store. Vernie worked his way up from stock clerk to manager in 3 days.

FRED HUTCHINSON has turned into a Jack-of-all-Trades. He tried college but didn't care for it, or the professors didn't care for him; he tried growing watermelons but ate up all the profits; he worked in a car wash for awhile but got fired because he washed a convertible with the top down and the owner drowned; he joined the paratroopers but they said he couldn't count fast enough to pull the rip cord and was spending too much time in the hospital, so they discharged him. But he finally found something that suited his personality; he is chief carrot washer in the main plant of the Snow Boy Frozen Food Company.

LARRY LAVERTY has taken over his families hardware store and has incorporated others and made a chain of hardware stores called "Lucifer's Ware's". He sells only the merchandise the BOSS from down below supplies him with.

I really didn't have to look to find JIM LOWTHER. He is coaching the football team at Annapolis Academy, and he and his team have threatened the prestige of me and my team many times. Jim also has a garage where he fixes old junk heaps. He got so much experience working on his when he was in high school, they say he is the best they ever had.

JIM MC VEY is now judge in a divorce court in Reno, Nevada. They gave him the position because he held the world record for divorces - 22 in all. He is now an authority on all types of divorces. Jim is also doing very well in the gambling casino his 21st wife left him.

Have you ever seen the big trucks go whizzing by bearing the sign: Overton's Overland Trucking? Well, all those trucks belong to LAVERNE OVERTON. He hauls used caskets.

GLEN PRALL is now world famous. He is a bridge builder. Perhaps you saw his biography which was filmed last summer. It was called "Bridge over the Ocean Atlantic". Glen has built many famous bridges. For instance the one over the English Channel, the one over the Gulf of Mexico, and the one across Middle River. He says he owes his success to Mr. Burton and his Math classes.

MARY SALMON is now the publisher of the nationally known magazine "Chatterbox". In this, Mary discusses everything from people to pots and pans. She is married to one of the Iowan Representatives in Congress whom she met while doing a story on him for her magazine. He claims she just kept talking, and the next thing he knew he was married.

LUANN SMITH went to Iowa State, and when she graduated she came back to CHS to be Mrs. Crosby's assistant in the Homemaking Department. When Mrs. Crosby hung up her dish-rag to retire, LuAnn took over. The only thing the girls have learned to make is pizza. LuAnn just loves pizza. Lu married an old CHS sweetheart, and they have two boys that look just like their dad.

Everyone had fun predicting what would happen to DON SONES when he left CHS, but he surprised everyone, including himself. To escape the draft board he signed with the Detroit Lions to play professional football. As usual, Don was a star, but one day when he thought he was at a circus, he got into a tent where they were holding a revival meeting. Don is now the only Evangelist that plays football professionally. P.S. The ladies man of CHS in 1958 is still one of the most eligible bachelors around.

RON SONES just couldn't decide what he wanted to do when he finally got on his own. He lived off the Air Force and Uncle Sam until Marvel decided she wanted to go to South America to teach. While Marvel is in school, Ron is the skipper of a boat that transports rotten bananas out to sea to dump them. Ron is also signed with Coral records to record the Banana Boat Song. Ron and Marvel have 4 children and 2 monkeys.

GARY WALKER was one of the first U. S. scientists to go to the moon. He is internationally known for the book he wrote of his experiences. Gary also found that the moon was really inhabited and he brought back a moon bride. He claims that earth girls are too fickle.

GERALD WELLS is one of the biggest gangsters in the history of Chicago. He smuggles poodles in and out of the city. Gerald went to law school and is pretty good at talking his way out of all the messes he gets into.

Well, Marvel, this is what happened to that class of yours that graduated from dear old CHS on May 27, 1958.

Signed

Robert E. Elmore

Will and Testament of the Senior Class of 1958

We, the Senior Class of 1958, being of sound mind and body, do hereby will, devise, and bequeath these things we held so dear while we were in our world of CHS. As we go from these hallowed walls we leave them to the Junior Class who will, in their time, be the mighty Seniors of Dear Ole CHS. We give these things with the trust that they will be held as dear and precious as we held them.

- I, GERALD LEFFORT WELLS, will my ability to play poker to GERALD LAVERE WALKER, because he will be going to Chicago next year and will probably play it all night.
- I, CHARLES LEROY BUNCE, give my ability to hate girls to DAVID WILLIAM (TIGER) ROTHFUS, so he can stay closer away from them.
- I, JUDITH KAY ANDREWS, leave my ability to stick to one guy all through my Senior year to MYRNA KAY OWENS, since she has so much trouble deciding who she wants to go with.
- I, GLEN FREDRICK PRALL, will my knowledge of Alan Ward Petre to JUDITH KAY SMITH, so she'll know what she's in for.
- I, MARY ALYCE SALMON, give my ambition to become the world's champion female wrestler to NANCY JEAN ROTHFUS, so she can protect herself from Gerald if she wants to.
- I, FAYE JANICE FORD, leave my tendency to giggle to LAVERNA J. RAWSON, because she never does.
- I, GLEN FREDRICK PRALL, give my brains in Algebra to FREDRICK DAVID WERTMAN III, because from the looks of things, he needs them.
- I, GERALD LEFFORT WELLS, will my ability to sleep while people are jumping on my bed, during wrestling matches, water fights, and fires to DENNIS DALE FETTERS, since he never gets any sleep.
- I, ROBERTA LUANN SMITH, will my ability to drive to PHYLLIS ILENE CANADAY, because she hasn't run over anyone yet.
- I, RONALD DALE SONES, leave what has become the natural heritage of one athlete every year at Dear Ole CHS: the ability to get hit in the head or any other place the recipient might choose. I leave this to GARY LEE GUSTAFSON, so the insurance won't be wasted.
- I, MARVEL RENE TONEY, give my nervousness at Music Contest to SANDRA SUE GAMBLE, because she is always so calm but still manages to flub the song.
- I, CHARLES LEROY BUNCE, give my ability to talk all the time, to JERRY RUSSELL FREED, because he's so quiet and considerate.
- I, JUDITH KAY ANDREWS, will all the wolf whistles my majorette uniform cause, to MARTHA JONES, since she will be using my old uniform next year.
- I, MARVEL RENE TONEY, leave my ability in cheerleading to LINDA DEAN EGGER, so she won't have to play in the pep band anymore and can sit below it and have her brains blown out by the noise.
- I, JAMES LEROY MC VEY, give my membership in the Night Prowlers Club to LARRY JAMES PEZZETTI, because he's always in bed by 9:00.
- I, LARRY EARL BETZER, give my car to FREDRICK OWEN GOODHUE, because his is such an old junk heap.
- I, MARY JOSEPHINE ADKINS, will my love for cutting things up in biology, to CHERI LOU PENTICO, because she has such a fondness for it.

- I, BARBARA ANN BAKER, give my bobby sox to DONNA LEE ANDERSON, she won't have to worry about getting runs in her hose.
- I, JAMES LEROY MC VEY, will my ability to dance to LARRY DONOVAN BABER, so he can dance with all the blondes at the Chez Paree.
- I, ELIZEBETH ANN CARR ROTHFUS, will my ability to catch a husband early in life to SHARON JOANN CUMMINGS, because she has so long to wait.
- I, MARY ALYCE SALMON, will my ability to catch all the new gossip to NANCY JOY MC CLAIN, because she never gets in on any of it.
- I, SANDRA LAREEN COPE, will my naturally curly hair to LINDA KAY BEECH, so she won't have to put hers up when she comes in from a late date.
- I, SONDRALYNNE FRANTZ, give my red hair to LAVENA L. RAWSON, so the boys won't get her and Laverna mixed up.
- I, VERNON LEE GOOCH, leave my contagious laugh to LARRY EARL JANSSEN, whose jokes never seem to go over very good.
- I, FREDRICK MELVIN HUTCHINSON, will my sleepless nights in Chicago to ALAN WARD PETRE, so he can have more time to spend with the girls.
- I, LARRY K. LAVERTY, will all my cars to BEN ENOS NORMAN, so he won't ever have to walk and get his white shoes dirty.
- I, JAMES BLAIR LOWTHER, leave my luck with transmissions to LARRY JOSEPH BROWN, so I won't be stuck with the misfortune anymore.
- I, LAVERNE RAY OVERTON, give my interest in the opposite sex to BARBARA JEAN WITT, because she seems to have too much.
- I, DONALD DEAN SONES, give my bed-room eyes to LA LONNIE RAYE DANIELSON, in hopes they'll bring her as much luck with the opposite sex as they did me.
- I, SANDRA LAREE COPE, will my love for Spanish class to NANCY LUCILE GILMORE, because she hated it, too.
- I, GARY LESTER WALKER, leave my scholastic ability to VIOLA MAY LEE, so she can make it through her Senior year.
- I, FAYE JANICE FORD, give my quiet speaking voice to LEONA PEARL BURNES, who can be heard above any crowd.
- I, ROBERTA LUANN SMITH, will one of my boy friends to LOIS BIRDENA SIMPSON, until her fiance comes home.
- I, BARBARA ANN BAKER, will my natural blond hair to FLORENCE MARY CANOVA, so she won't have to spend money on Light-and-Bright.
- I, ELIZEBETH ANN CARR ROTHFUS, leave my position in the cafeteria to BARBARA ANN WARREN, so she won't have to bring a sack lunch anymore.
- We, DONALD DEAN and RONALD DALE SONES, give all our clothes to LAVENA L AND LAVERNA J RAWSON, so they can dress more alike next year.

SIGNED *Class of '58*

F.B.L.A.

The Future Business Leaders of America is a national organization for students interested in business education. The Carlisle Chapter was very active this year. They took a field trip to AIB, visited a brokerage farm, went to convention on April 18 where four of the girls entered competition in various contests.

F.T.A.

The Carlisle Chapter of Future Teachers of America attended the first district meeting in Ottumwa, where Sandra Gamble was installed as district historian. They gave a banquet for the faculty, did student teaching in both grade and Junior High school, attended the North High sectional meeting, and went to Chariton for the installation of the new treasurer.

F.H.A.

The Future Homemakers of America continued their study of better family relation, better homes, and better communities this year in their meetings. Mr. Ed. Williams, Mrs. Wilma Hardin, and Mr. Claude Stansberry, were speakers at the meetings. The annual Daddy Date Night and Parents' Night were held. The club served the Lions Club four times, went to both State and District Conventions, sent Thanksgiving baskets, adopted eight children from Glenwood Institution and sent gifts and cards to them throughout the year, and had a dance for the members and their dates.

The Carlisle Football team did just about everything except win football games this fall. They were proclaimed by several coaches as one of the toughest teams in the conference. They were the only team in the 1957 season to score on the conference champion Lynnville-Sully, on which they scored twice. Their hard fought season seemed to wear on the boys as the season progressed.

The Wildcats placed six men on the all-conference team. First team selections were Jim Lowther and Gary Gustafson. Second team members were Ron Sones, Don Sones, and Fred Goodhue. Honorable mention went to Chuck Bunce. The Wildcats will have eleven returning lettermen and are hopeful of a good season next year. Graduation senior lettermen consist of -- Jim Lowther, Don Sones, Ron Sones, Chuck Bunce, Larry Laverty, and Gary Walker.

CENTER: S. Cope, F. Ford.

The 57-58 Carlisle Girls team finished the season with a 12 won, 10 lost record. The total points scored by Carlisle was 1,222 as compared to 1,059 for their opponents. The Wildcats finished second in both County Tournaments as well as the Sectional Tournaments.

High scorer for the season was Faye Ford, Co-Captain, who averaged 25 points per game. Sandra Cope, Co-Captain, followed with a 19 point average. Junior, Nancy McClain had a 12 point average.

Outstanding guards for the season were: Sharon Cummings, Lavena Rawson, Laverna Rawson, Phyllis Canaday and Nancy Gilmore, who are all juniors.

Making All-Conference first team was Faye Ford, with Sandra Cope, Nancy McClain, Laverna Rawson, and Sharon Cummings getting honorable mention.

Jr. and Sr. Banquet

The Junior and Senior Banquet which was given by the Juniors in honor of the Seniors, was held at Younkes Tea Room in Des Moines on April 26, 1958. Gerald Walker, President of the Junior Class, gave the welcome speech. Other small speeches were given by Mr. Stansberry, Mr. Spurlock, and President of the Senior Class, Chuck Bunce.

A program followed after the lovely dinner. Each Senior received a small gift. After the movie, we were given an all night party in the Cafeteria sponsored by the Lions Club. The cafeteria was decorated very pretty with blue and silver colors. Prizes were given between dances. At dawn breakfast was served. The evening was very much enjoyed by all. We, Seniors, thank the Juniors for this lovely time.

PRINTED IN U. S. A.

The first part of the paper discusses the importance of the research and the objectives of the study. It then presents a literature review of the existing research on the topic. The next section describes the methodology used in the study, including the data collection and analysis techniques. The results of the study are then presented, followed by a discussion of the findings and their implications. The paper concludes with a summary of the main points and a list of references.

The research was conducted in a systematic and rigorous manner, following the principles of good research practice. The data was collected from a large and diverse sample of participants, and the analysis was conducted using a range of statistical techniques. The results of the study are presented in a clear and concise manner, and the implications of the findings are discussed in detail.

The findings of the study have important implications for the field of research. They suggest that there is a need for further research in this area, and that the results of this study can be used to inform policy and practice. The paper also highlights the importance of the research and the need for continued research in this area.

In conclusion, the paper presents a comprehensive and detailed account of the research. It discusses the importance of the research, the methodology used, the results of the study, and the implications of the findings. The paper is a valuable contribution to the field of research and is highly recommended for reading.
